

get ready to play

Everyone loves to be the center of attention,

which is why drama is a great way for the entire family to have fun together while promoting teamwork skills, self-expression and physical activity. Enjoy kids' performances as they play out their favorite super-hero, princess or rock star, while their imaginations take them on a voyage of discovery.

Make drama a part of your family's routine with these ideas created in partnership with the Screen Actors Guild Foundation.

The Screen Actors Guild Foundation is committed to fostering theater and drama education in classrooms and homes across America. It is funded independently of SAG and offers substantive services to Guild members in its mission to assist, educate and inspire actors in their professional endeavors and to give back to the communities in which they live.
